Chandelier 6347-6 "Becker Basket"

The Viennese Coffee House Family

With this fixture Hans Harald Rath created a wonderful blend of traditional crafts and contemporary design. It was very popular for coffee houses and commercial buildings because of its simple yet precious demure.

The fixture is based on the traditional Viennese Baroque chandeliers with their wrought iron frame and leaf-gilding. For decorations we use here not the elaborate pendulums but simply cut modern crystals. Unlike other adaptations of this motive this chandelier is not a flattened version of a classical chandelier but a complete reinterpretation in an altogether new shape.

Design: Hans Harald Rath, 1963; Modern

Material: Wrought iron, lead-free crystal; Finish: Leaf-gold

Special requests: Different crystals, with glass bars on frame

Dia.: 48 cm, H.: 33 cm; Weight: 7 kg

Lights: 6 x E14; Max. Watt.: 360 W
