

## Candle Stick 6635-3 "Lights of Vienna"

The Metropolitan Family

Following the huge success of the Metropolitan Project Hans Harald Rath created this line of small candle sticks to further the use of Swarovski Crystal. Based on the simple design of a little wreath from brass bearing the Strass beads he deducted a large number of different items. Under the name of "Lights of Vienna" they have been one of the main exports from Lobmeyr to the USA of the mid 70ies.
