Drinking set no.267 „Alpha“ with engraved letter

design: Hans Harald Rath 1952

drinking sets

Hans Harald Rath, designed the „Alpha“ set in 1952. The even shape full of tension makes the glasses lie smoothly in the hands. The idea came from a medieval copper tumbler, itself influenced by Islamic shapes. Following the trend of the fifties the glasses can be stapled – bearing the spirit the Frankfurter Küche (“for the young household”). Thinnest Musselnglas, mouth blown into wooden forms, gives them elegance. Alpha became a classic, as the copper wheel engraved typical Lobmeyr monogrammes are. So we combined them.

LOBMEYR
