

CASE – GOOD LUCK PIG

Ivory, glazed

Design: Luise Terletzki-Scherf, 1933

height 4 cm · product no. 01.711

Large pig – lots of luck, little pig – little luck. Well, it's just not true! Even the mini-size lucky pig can bring you good fortune. Luise Terletzki-Scherf designed the animal that is on a bed of clover for the Porzellan Manufaktur Nymphenburg in 1933. Its sleep indicates that your fate is still uncertain, but the lucky clover that is distributed on the base should already have a positive effect.
