

CASE – GOOD LUCK PIG

Handpainted

Design: Luise Terletzki-Scherf, 1933

height 4 cm · product no. 01.712

Those people who have already visited the Porzellan Manufaktur Nymphenburg will know how much loving attention to detail is applied when forming, processing and above all decorating each individual piece. In the case of miniatures, in particular, such as this lucky pig which is only 4 centimetres in height, both the colourful clover and the soft pink decoration of the skin is applied to the figure free-hand.
