

CASE – GOOD LUCK PIG

Ivory, glazed

Design: Luise Terletzki-Scherf, 1933

height 6 cm · product no. 01.713

You normally send someone a gift of a good luck pig to celebrate the New Year so that it can ensure good fortune for the person who has received the gift. But sometimes a good-luck charm wouldn't go amiss in the middle of the year either. A gift like this small porcelain pig designed by Luise Terletzki-Scherf. It has closed its eyes as it lies naturally in the clover and signals that everything will be alright.
