

## CASE – LITTLE LION (F. LETTER CASE)

*Ivory, glazed*

---

*height 4 cm · product no. 02.727*

---

When people return home from their travels, they often bring small items back with them which remind them of particularly enjoyable, quaint or even extraordinary experiences. They also bring home handmade treasures, which portray a country's cultural values. And this four-centimetre tall Bavarian lion by Ernst Andreas Rauch reflects precisely that. Proud, it stands for both the culture of the Free State and the masterly tradition of the Munich manufactory.
