

CONTAINERS AND BOWLS – BOX WITH LID

White glazed - lid sterling silver

Design: Konstantin Grcic, 2001

Decor: Konstantin Grcic, 1999

diameter 5 cm · product no. 10.144

Plates, dishes, cups—who among us can say they never wanted to be an architect of giant stacked porcelain skyscrapers. Konstantin Grcic took inspiration from these audacious towers to create a series of receptacles whose form consists of two cylinders lightly pressed onto each other. On top of them can rest either a porcelain lid or in this case a small round silver lid.
