

AQUATIC ANIMALS – FROG KING

With gold crown

Design: Luise Terletzki-Scherf, first production 1976

height 4 cm · product no. 02.691

Frogs bear similarities with people. Sometimes it is the hidden, inconspicuous aspects which are sympathetic to us – and thus becomes a constant companion. With a crown that is painted in 24 carat pure gold, this porcelain frog that is only four centimetres in size as a member of the royal family can be accommodated in even the smallest clutch bag. In this way, the dapper frog king is a wonderful and hopefully lucky companion from dawn till dusk.
