

## CATS – LITTLE CAT

*Ivory, glazed*

Design: Luise Terletzki-Scherf, 1933

---

*height 4 cm · product no. 01.691*

---

Those who have held a kitten in their hands know how temperamental and lively the little furballs can be when at play. And how fast the expression can switch between delight, curiosity, and disappointment. With great sensibility, the Aschaffenburg-born artist, Luise Terletzki-Scherf, was able to capture in figurine-form that exact moment of expression when the playful character of this creature comes to the fore.
