

TERLETZKI-SCHERFS CIRCUS – ELEPHANT

White, biscuit

Design: Luise Terletzki-Scherf, 1976

Decor: 2002

height 10 cm · product no. 18.609

The Aschaffenburg artist Luise Terletzki-Scherf experimented with bronze, majolica and stone. But only in the fine shards of the homemade Nymphenburg porcelain do the figures that she has designed develop their highest levels of sculpturing quality. This is also the case with this young, roaring elephant. Measuring a mere ten centimetres, a plastic animal figure full of emotionality is revealed in this version in an unglazed bisque.
