

CHINOISERIE – WHITE – CHINESE BOY WITH CHIME

*Ivory, glazed*

Design: Franz Anton Bustelli, approx. 1757

---

*height 12 cm · product no. 00.972*

---

With serpent players, chime players, a mandolinist and even singers, Franz Anton Bustelli's Chinese Temple group is an illustrious group of characters of all ages. This still rather young musician is enthusiastically beating his mallet against the bells. His instrument, as well as the mallet, are among the fine details that are formed individually by hand in the master workshops. However, this stage comes after the handmade figure is assembled from its cast parts.
