FORMEN DES SERVICES LOTOS SERVICE LOTOS SHAPES

Die Porzellan Manufaktur Nymphenburg verdankt dem für seinen „neu sachlichen“ Stil bekannten Wolfgang von Wersin einen ihrer bedeutendsten Entwürfe. Das elegante Service Lotos entstand Anfang der 30er Jahre. Für Lotos wählte von Wersin eine schlichte Grundform mit ausladenden Schalen und halbrunden, nach oben geschwungenen Henkeln, die in ihrer sanften Wölbung an geöffnete Blüten erinnert. Aufgrund ihrer flüssigkeits- und schmutzabweisenden Blätter gilt die Lotos-Blüte im ostasiatischen Raum als Symbol der Reinheit. Dies spiegelt sich auch in den zarten Farben und Dekoren des dünnwandigen, transluzent erscheinenden Porzellans.

Porzellan Manufaktur Nymphenburg owes one of its most important designs to Wolfgang von Wersin, famous for his „new objective“ style. The elegant service Lotos was created at the beginning of the 1930s. For Lotos, von Wersin selected a simple basic shape with sweeping bowls and half-round upwardly flowing handles, which, with their gentle curves, are evocative of opening blossoms. Because of its liquid- and dirt-repellent leaves, the lotus blossom symbolises purity in the Far East. This is also reflected in the gentle colours and designs used for the thin and translucent porcelain.
