

CHAMPAGNE BEAKERS – CONVEX CUP

White, glazed, with insect

Design: Ted Muehling, 2000

height 9 cm · product no. 09.691

It is just nine centimetres tall and yet a miniature masterpiece: With sides just two millimetres thick, this delicate cup is perfect for sipping champagne. It was designed by multi award-winning American designer Ted Muehling, who has also created numerous other objects for Nymphenburg. On this model, a small, hand-painted insect adorns the white glazed cup. With such a charming individual touch, everyone present can easily identify their own cup.
