

SALT & PEPPER – PEPPER SHAKER

Handpainted

Design: Konstantin Grcic, 1999

Decor: Konstantin Grcic, 1999

length 8 cm · product no. 10.973

Design can also mean interpreting established methods in a new context. During a tour of the manufactory, Konstantin Grcic discovered a series of insulators for electricity poles in the technical design department. Its shapes offered inspiration to the renowned Munich-born designer when creating his series of modern pepper, salt and sugar shakers in 1999. The disciplined, hand-painted line emphasises the silhouette of the eight centimetre tall pepper shaker.
