

SALT & PEPPER – SALT SHAKER

Handpainted

Design: Konstantin Grcic, 1999

Decor: Konstantin Grcic, 1999

length 9 cm · product no. 10.975

To this day, the listed gardens of the manufactory are home to a telegraph pole with insulator cups made from Nymphenburg porcelain. The renowned Munich designer Konstantin Grcic used them as his inspiration when translating the shape of the insulators into a series of salt, pepper and sugar shakers of various sizes. One of the protagonists is this nine centimetre tall salt shaker with hand-painted contour.
