

LOTOS – PLATE ROUND

Lotus, white, glazed, hand painted

Decor: Sebastian Menschhorn, 2011

diameter 33 cm · product no. 19.752

Unlike other artists, Wolfgang von Wersin was happy for the container formats he created to be decorated with designs by other artists, even during his lifetime. Thank goodness! Otherwise, the current combination of Wersin's simple Lotus service and Sebastian Menschhorn's flowers of life could never have happened. The ancient oriental motifs which the designer has allowed to grow across the virgin white of the porcelain like a tattoo can now be seen in their full glory across plates and cups.
