

LOTOS – CUP WITH SAUCER

Lotus, white, glazed, hand painted

Decor: Sebastian Menschhorn, 2011

diameter 16 cm · product no. 20.214

With each newly created piece, porcelain lovers are buying a piece of the artistic skill and expertise that has gone into the workshop's 260 year history. This paper-thin tea cup from Wolfgang von Wersin's Lotus range proves that tradition can still be simple. Sebastian Menschhorn has now given the classic design from 1932 a contemporary look. Stylised flowers of life in dark purple extend across the shimmering porcelain like a floral tattoo.
